About our Interim Consultants

More than transitional leaders, our Interim Consultants are identifiable for their specialized skill sets of expertise. We classify them in the following areas:

- Construction Project Management
- Turnover Solutions
- Contract Negotiations
- SCIP Measures
- Physician Recruitment
- Overall Assessment
- Efficiency Measures
- Permanent Candidate Selection
- Volume Increase
- Staff Relationships

Additionally, our Interim Consultants submit to the client a “90-Day Consult” that offers our Client insight into the challenges and solutions without the burden of relationship management

16 th December 2011
